Bruce,

I did not forget about getting you copies of the three signed arsenic compliance plans at Hopi. I had a few other things that took a higher priority on my list of things to do.

Attached are the signed compliance plans for the Sipaulovi (Lower Sipaulovi/Lower Mishongnovi), Shungopavi, and Polacca water systems. We had sent a copy of an arsenic compliance plan for the Mishongnovi (Upper Sipaulovi/Upper Mishongnovi) water system to the Hopi Tribe for the Chairman's signature since the Hopi Tribe took over administration of Mishongnovi Village in 2010 and the Village would no longer be the signatory on the document. The Hopi Water Resources Program is putting forth the document to the Office of the Chairman according to the Tribe's procedures. We presently do not have a time line as to when the document will be signed by the Chairman.

Please contact me if you have any questions.

Subject: Compliance plans for Hopi systems?

Corine,

Last week in a briefing for Joanne Chase to prepare for tomorrow's meeting with Hopi leadership here in Washington, Bessie mentioned that Region 9 had signed compliance plans with Hopi at Sipaulovi, Polacca, and Shungopavi and expected to sign a compliance plan for Mishongnovi in the near future. I sent an email to Bessie after the meeting, asking if she could send me copies of all 3 compliance plans, but have not heard back from her (I suspect she may be out of town). I'm hoping that you might be able to help us get copies of those compliance plans prior to the meeting with Hopi tomorrow? Also, can you tell me when the Region expects to finalize the compliance plan with Mishongnovi. Thanks.

Bruce
